Therapy Management Agreement

This agreement between _____ (“Patient”) and Pro Performance Anti-Aging LLC (“PP”) establishes guidelines and conditions for the use of hormone replacement therapy (“HRT”) involving DEA “controlled” or “scheduled” medications. PP and patient agree that these guidelines and conditions are an essential factor in maintaining a successful patient/practitioner relationship. Adverse side effects and/or physical/psychological dependence may develop after repeated use of these medications and, therefore, these agents are prescribed with caution.

The patient agrees and accepts to the following conditions:

1. I understand that the medications I am receiving or will receive are prescribed for me based on diagnoses derived from my submitted medical history, and the results of lab work and a physical examination. The medications are to be used exclusively for treatment of hormonal deficiencies and related medical conditions in accordance with applicable state and Federal law.
2. I understand and agree that no medical treatment or medication provided to me by Pro Performance Anti-Aging will be used for the purposes of bodybuilding, performance enhancement or physical appearance.
3. I certify that the answers I provided to the health questions on the Health History laboratories are accurate and correct to the best of my knowledge and that I have not been coached by any third party nor have I knowingly been deceptive for secondary gain, for medical treatment or prescription of a medication.
4. I will not attempt to obtain HRT medications from any other health care practitioner without disclosing my current medical usage of HRT or other medications. I understand that it may be against the law to do so.
5. I have discussed and understand the risks and benefits associated with HRT. I will immediately report any adverse side effect related to the use of my HRT to Pro Performance Anti-Aging and discontinue use until advised to resume usage by Progressive Health Institute. I voluntarily assume any and all possible risks which may be associated with HRT.
6. I understand that representatives of Pro Performance Anti-Aging and/or Licensed Physicians Assistant are available for questions and/or concerning during normal business hours throughout the course of my treatment.
7. I agree that the HRT medications furnished by Pro Performance Anti-Aging are for my personal use only and for no other purpose. I will not share, sell, or trade my medications. I will safeguard my medications from loss or theft and will be responsible for their safekeeping.
8. I will be able to purchase the medications from the pharmacy designated by Pro Performance Anti-Aging and the pharmacy will send medication directly to me. I understand I have the right to purchase my medications from any pharmacy of my choice. If I chose to obtain medications from a pharmacy of my own choice, I must notify Pro Performance Anti Aging in writing of my intention to do so and include the name of the pharmacy in my request.
9. I agree and understand that federal regulations prohibit the return of prescribed medications.
10. I understand that HRT treatment and medications are not covered by health insurance. I agree that all services and medications provided by Pro Performance Anti-Aging or its associated providers are to be paid for in advance. I will not seek reimbursement through my health insurance company, Medicare, Medicaid, or other third party payer.

11. I agree that the Pro Performance Anti-Aging patient/physician relationship is not intended to replace the existing patient/physician relationship with my current primary care provider (PCP) and the treatment provided by Pro Performance Anti-Aging will be in conjunction with the care provided by my current PCP.

12. I agree that I will use my medication at the prescribed rate and dosage and will keep the medication in its respective labeled container.

13. I understand that Pro Performance Anti-Aging only treats patients over the age of 30 with documented symptoms of hormone deficiencies (Hypogonadism and Adult Growth Hormone Deficiency). No prescription will be provided unless a clinical need exists based on required lab work, physician consultation, and current health history through either patient's personal physician or a Progressive Health Institute - affiliated physician. Agreeing to lab work does not automatically qualify patient to clinically necessity and prescription of HRT.
